Carrie feels she was destined to serve in health care—her dad was a physician and her mom a dietician—and she was raised to treat all people with compassion and respect. Her pharmacy career started in a small hospital system, where she created new programs and drove positive change. Now she works with Consonus clients to refine processes, review medications and make recommendations, helping promote safety and vitality in the lives of residents.

Carrie has more than 12 years of pharmacist experience and a Doctor of Pharmacy degree from the University of Montana in Missoula. Her special expertise is in long-term care pharmacy and anticoagulation therapy management.
