Pharmacy Nurse Consultant

## GET TO KNOW KELLI

Kelli's nursing career began in long-term care, where she felt she could best fulfill her passion to serve the elderly. She works directly with customers to support and educate staff, and make medication administration safer for residents. Outside of work, she's a tireless supporter of charitable causes, and also loves ballroom dancing and pruning trees—an activity she finds especially therapeutic.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
