Karli Fahlender, R.N., B.S.N.

Pharmacy Nurse Consultant

GET TO KNOW KARLI

As a child, Karli had limited access to health care, which drove a life-long desire to specialize in caring for underserved, often forgotten populations. As a pharmacy nurse consultant, she provides auditing and education services to her Consonus clients, and enjoys being their trusted partner and advisor. She loves nothing better than spending leisure time with family in the Washington state sunshine, and is an avid gardener, hiker and watercolor painter.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
