GET TO KNOW MELANIE

Melanie's love for seniors and passion for order accuracy and patient safety is rooted in some of her earliest employment experiences. For five years starting in high school, she worked at a skilled nursing facility in the kitchen, medical records and as a certified nursing assistant. Now a pharmacy consultant with Consonus, she reviews orders for safety and accuracy, and enjoys the fast-paced environment and opportunities to improve processes. "The greatest reward is making a difference in someone's health, even if it's only a small one," she says.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
