Meet Your Team

Michael Kiso, Pharm. D.

Pharmacy Consultant

GET TO KNOW MICHAEL

After some pharmacy school experiences illuminated the expanding needs of America's geriatric population, Michael was hooked on senior care. In watching his father struggle with chronic disease, he knew how intimidating and confusing the health care system could be, and for this reason, he finds great satisfaction in being a patient advocate. He seeks to simplify medication regimens and optimize clinical outcomes, working together with providers to improve the patient's quality of life. Like other Consonus pharmacists and staff, he puts patient safety above all.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.

MICHAEL'S CREDENTIALS

- Doctor of Pharmacy degree from the College of Pharmacy at Oregon State University
- Special expertise in admission medication regimen reviews (aMRR) and medication therapy management (MTM), ensuring smooth transitions from hospital to skilled nursing facilities and optimization of therapy
- Speaker on pharmacy-related topics including diabetes, heart failure and coronary artery disease
