

ROXANNE NOVAK, R.N., B.S.N.

GENERAL MANAGER – CALIFORNIA

CONSONUS HEALTHCARE—PHARMACY

Roxanne’s career role model was her mother, a nurse whose pure love for the profession was a source of deep inspiration. Whether providing staff education on nursing best practices, or medication administration review to ensure regulatory compliance, she puts resident safety at the core of every decision.

Outside of work, relaxation usually means riding a dirt bike, kayaking a roaring river, or just driving with the windows down and the music up.

Roxanne has more than 10 years of nursing and consultation experience working extensively in long-term care and acute care settings, including critical care, cardiac, oncology, surgical and rehab.

She has a Bachelor of Science in Nursing degree from Beth-El College of Nursing at the University of Colorado—Colorado Springs. Roxanne is active with charitable organizations and causes, including the Vital Life Foundation, Catholic Charities and the United Way
