

CONSONUS
PHARMACY

HOW WILL YOU FARE UNDER PDPM?

**Did you know
your pharmacy
provider can
impact your
PDPM financial
performance?**

Find out how!

We can show you!

Co-Pilot, our real-time data analytics solution, can tell you how your organization will be impacted by PDPM, including:

- Your Medicare Reimbursement **under PDPM**.
- How much of your revenue will be driven by the **Non Therapy Ancillary (NTA) category**.

PDPM GOES INTO EFFECT OCTOBER 2019.

ARE YOU READY?

As you prepare for the changes, here's how you can collaborate with your pharmacy provider:

	Non Therapy Ancillary (NTA) Readiness Checklist	YES	NO	NOT SURE
My pharmacy...	Conducts full Admissions Medication Regimen Reviews (aMRR) within 36 hours of admission.			
	Provides proper documentation, including prioritized clinically significant medication issues.			
	Has remote access to my EHR system to conduct chart reviews and hospital discharge information to perform medication reconciliation.			
	Prepared my care team to respond to pharmacist recommendations within 24 hours of receipt.			

PDPM readiness will have a direct impact on NTA reimbursement, your medication expenses and patient outcome performance. Consonus Pharmacy can help. Contact us to learn how to make your pharmacy a seamless extension of your care team.
