PHARMACY

Meet Your Team

Eric Lintner, BS, RPh

Clinical Projects Director

GET TO KNOW ERIC

Eric Lintner doesn't know if his career path was luck or destiny, but he's glad it happened the way it did. He started college as a biochemistry major, but changed his mind when he just happened to make some friends who were on their way to pharmacy school. Before becoming the Clinical Projects Director of Pharmacy for Consonus Healthcare in Oregon, Eric served as the General Manager and was responsible for day-to-day operations and department management. He conducts frequent customer business reviews to help them identify money-saving opportunities. With patient safety as his top priority, he's implemented robotic packing technology to improve efficiency and accuracy, and has been involved in spearheading Consonus' adoption of electronic medical records ahead of most competitors.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.

ERIC'S CREDENTIALS

- Bachelor of Science in Pharmacy from Oregon State University
- Experience in retail pharmacy, hospital pharmacy management, and IV program creation
- Special expertise in managing pharmacy costs, coping with regulatory changes, enhancing patient safety and the benefits of electronic medical records
- Serves on the board of the Oregon State Pharmacy Association
- Member of the American Society of Consultant Pharmacists Association
