

CONSONUS
PHARMACY

Meet Your Team

Brittany Louie, Pharm.D.

Pharmacy Consultant

GET TO KNOW BRITTANY

Brittany is a fourth-generation pharmacist, with seven members of her extended family who also chose the profession. As an Admission Medication Regimen Review (aMRR) pharmacist, she reviews hospital discharge summaries and other critical documents for medication reconciliation, and ensures medication safety as patients transition to post-acute rehab facilities. Brittany's greatest reward is in serving our aging population by catching critical medication errors before they happen and improving clinical outcomes. She confesses that she and her pharmacist husband frequently "nerd out" on pharmacy-related topics at the dinner table.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.

BRITTANY'S CREDENTIALS

- Special pharmacist training and expertise in Admission Medication Regimen Review (aMRR)
- Doctor of Pharmacy degree from Oregon State University and Oregon Health & Science University
- Frequent speaker on pharmacy topics including diabetes management, medication adherence, transitions of care and emergency medication
