GET TO KNOW DEV

After starting his career in retail pharmacy with CVS, Dev transitioned to senior care by joining Consonus as a staff pharmacist. Now as a consultant, he performs in-depth medication reviews and gives recommendations for residents, and helps facilities remain compliant with legal and recommended standards of care. "My greatest reward is in directly applying my clinical and non-clinical knowledge and seeing positive outcomes with facilities and residents," he says.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
