Keilana Fisher, Pharm.D.

Pharmacist Consultant

GET TO KNOW KEILANA

While working as an assistant in an independent pharmacy, Keilana saw first-hand the opportunities pharmacists had to help people, and particularly seniors. As a Consonus pharmacist consultant, she reviews resident medication regimens in assisted living and skilled nursing facilities, and provides recommendations to optimize their safety and effectiveness.

“The best part of my job is working with health care personnel to help promote a high quality of life for seniors,” she says.

“Seeing my patients thrive is a great reward.”

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
