In working with Consonus customers, Tracy brings extensive pharmacy consultant experience, including in behavior health, acute care and senior care settings. With clinical teams, she's the face of the pharmacy, answering questions, providing information, helping with regulatory compliance and monitoring medication regimens to ensure patient safety. "I especially have a heart for elders who are overlooked and misunderstood, and need their voices to be heard," she says. "It's very rewarding to help them manage their health and feel better."

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
