William Paulus, R.N., B.S.N.
Pharmacy Nurse Consultant

GET TO KNOW WILLIAM

Williams decision to choose a nursing career was inspired by a desire to help others—and by the influence of his mother and two aunts who are nurses. As a pharmacy consultant, he supports staff in customer facilities and helps make medication use safer and more effective. Whether doing an eMAR audit, in-service or just answering questions from med aides and nurses, he loves the feeling of making a difference. William has been a rafting guide and volunteer firefighter, and loves hiking, cycling and camping.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
