Meet Your Team

Nikki Edwards, R.N.

Assistant Director, Nurse Consulting

GET TO KNOW NIKKI

She first experienced the thrill of caring for others while making house calls with her grandmother, who was a visiting nurse assistant. Nikki's own health care journey started as a CNA, and her career includes extensive nursing experience in both hospital and senior care settings. As assistant director of nurse consulting, she manages a large consultant team, and is also responsible for creating educational programs for Consonus nurses and clients. "I find joy in serving our community, and our seniors," she says.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
