Meet Your Team

Carrie McClaughry, Pharm D.

Assistant Director of Clinical Services

GET TO KNOW CARRIE

Carrie feels she was destined to serve in health care—her dad was a physician and her mom a dietician—and she was raised to treat all people with compassion and respect. Her pharmacy career started in a small hospital system, where she created new programs and drove positive change. Now she works with Consonus clients to refine processes, review medications and make recommendations, helping promote safety and vitality in the lives of residents.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
