Yvette Lee, Pharm.D.
Pharmacy Consultant

GET TO KNOW YVETTE

The opportunity to advocate for patients who can't advocate for themselves is what drew Yvette to a career in senior care pharmacy, and it's still her greatest reward. As a pharmacy consultant, she conducts medication regimen reviews, and helps optimize drug therapy outcomes and minimize potential adverse events. She also works directly with client facilities to improve compliance, reduce drug costs and facilitate customer service. "Consonus offers that personal aspect of health care that's so important to me," she says. "This is about caring for people, after all."

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
