Kelcey Delach, Pharm.D.

Pharmacist Consultant

GET TO KNOW KELCEY

Kelcey's passion for helping people started in young adulthood, as a lifeguard, and her pharmacy career began in retail. Now as a consultant with Consonus, she's part of the Transitions of Care team ensuring patients make a safe transition from a hospital to a senior care facility. She also reviews medication regimens for safety and effectiveness, and collaborates with client facilities to maintain regulatory compliance. "The greatest reward is working with an interdisciplinary team to solve a patient's unique problem, and seeing their lives bettered by the unique insights of all involved in their care," she says.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
