**Mona Phan, Pharm.D.**

Pharmacist Consultant

## GET TO KNOW MONA

As a first-generation Vietnamese American, Mona pursued a health care career in order to help solve health disparities and create better access to care. Her first job with Consonus, as a data entry technician, inspired her to go to pharmacy school. Now as a pharmacist consultant, she provides medication optimization and reconciliation for senior care patients, and helps customer facilities maintain regulatory compliance.

“The most rewarding part of my job is working with an interdisciplinary team of professionals, and establishing long-term relationships with our clients,” she says.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
