Becky Bertram, Pharm.D.

Pharmacist Consultant

GET TO KNOW BECKY

Becky's interest and skill in chemistry and biology made a pharmacist career a natural fit. After serving in retail pharmacy and eventually managing a retail chain, she chose Consonus to explore a new realm of practice. Now as a pharmacist consultant, she helps client facilities maintain compliance and performs medication regimen reviews for new admissions in senior care. "It's very rewarding to work with such a knowledgeable and talented team of colleagues to serve our residents and care facilities," she says.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
