Meet Your Team

Brandy Singer, Pharm.D.

Pharmacist Consultant

GET TO KNOW BRANDY

Before joining Consonus, Brandy established a clinical pharmacy practice at a state psychiatric hospital, taught in health professional training programs and provided care in community mental health settings. But at every step along the way, she's held a special place in her heart for serving geriatric populations, which is now her passion and focus as a pharmacist consultant. "I look at the whole person when I apply my knowledge and expertise in medication therapy and safety in order to improve outcomes," she says.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
