Meet Your Team

Kortney Pree, R.N., BSN

Nurse Consultant

GET TO KNOW KORTNEY

While still in nursing school, Kortney's health care career began as a caregiver and med tech in a skilled nursing facility, and she quickly discovered that serving seniors was her "heart work." After gaining experience as a critical care resource nurse in hospital ER and ICU departments, she eagerly returned to senior care—her greatest passion. Now as a nurse consultant with Consonus, she makes patient safety her top priority, and is focused on helping seniors with individual problems and needs feel heard and valued. "no matter where we're from," she says.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
