Nick Lewis, R.Ph., Pharm. D.
Consultant Pharmacist

GET TO KNOW NICK

As a third-generation pharmacist, Nick is proud to continue the family tradition. Patient safety is his primary focus in working with client facilities, and he's intimately connected to the delivery of care—reviewing charts, suggesting changes to drug regimens and identifying possible adverse medication reactions. He's been an avid comic book collector since age six, and enjoys frequent crabbing expeditions with friends.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
