Consultant Pharmacist

GET TO KNOW SCOTT

Scott's entire career has been devoted to senior care—a choice he made after working as a facility intern while in pharmacy school. He takes a people-first approach, and enjoys getting to know residents through careful monitoring of medications for effectiveness and adverse effects. Among other things, Scott enjoys cooking, fishing and curing meats, and he and his wife of more than 25 years have two sons.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
