GET TO KNOW SEAN

As a young boy watching his grandmother struggle with a serious illness, Sean longed to be a doctor in order to help and heal. That deep-rooted compassion for the geriatric population drove his choice to pursue a career in pharmacy. Now in partnership with long-term care facilities, he seeks to ensure safe and appropriate medication use—and his greatest reward is in bringing value and making a difference for all those he serves.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
