Sue Lienhard, R.Ph.

Consultant Pharmacist

GET TO KNOW SUE

Sue's grandmother told her to always follow her heart, and she did—straight into a career in pharmacy. While working with World War II heroes as a pharmacist at a Veterans Administration hospital, she gained a deep love and respect for the elderly. She sees her job as 90 percent detective, and enjoys unraveling the puzzle of a resident's medication and recommending adjustments that improve the quality of life. She and her husband have two adult children.

The Consonus Consulting and Leadership Team is made of seasoned and professional pharmacists, nurses, and long term care professionals. Together we strive to be a valued part of your team. We partner with our client facilities and communities to offer the very best for our residents.
