

PDPN

KNOW YOUR PPD. KNOW YOUR RISK.

We are all at risk. The risk could be as high as a \$20,000/month loss.
There will be winners and losers under PDPM.

FINANCIAL RISK ASSESSMENT

Knowing your risk starts by knowing your current Medicare Revenue PPD. This calculation can be used as a baseline for identifying PDPM financial risk.

PPD CALCULATOR

Consonus Co-Pilot has developed a tool that helps you calculate your current Medicare Revenue PPD.

Visit consonushealth.com/pdpm to access the PPD Calculator.

DON'T LEAVE MONEY ON THE TABLE.
