

THERAPY BENEFITS

IN ASSISTED LIVING & INDEPENDENT LIVING ENVIRONMENTS

Consonus Healthcare is proud to introduce AgeSTRONG, our answer to a growing demand for high-quality Rehabilitation & Wellness services. The goals of these programs are to improve quality of life, create campus wide programming, and produce excellent outcomes for our residents and community partners.

AgeSTRONG is the perfect blend of **clinical, concierge, and wellness** programming proven to promote successful resident aging-in-place. This is a well-coordinated approach, driven by market analytics, combined with proven clinical programs.

AGENCY ADMINISTRATOR

- Program development, clinical value, and marketing services to support independent living, assisted living and memory care settings across the continuum.

CONTINUITY THROUGH CONTINUUM

- Coordinated rehabilitative services for residents as they transition from inpatient skilled to their prior level of living settings.
- Carryover of evidence based clinical programming to address balance issues, chronic conditions, and cognitive decline.

WELLNESS PROGRAMMING

- Collaborate with Wellness Coordinator to enhance existing programming.
- Reduced transitions of care and hospital readmissions.

EDUCATIONAL SEMINARS

- Specialty clinical programming
- Lunch & Learns / Health Fairs
- Physician speaking engagements

SUPPORT MARKETING & ADMISSIONS

- Increase community foot traffic on campus
- Attract prospective future move-ins
